Jane Wilson is a self-driven, goal-focused executive with global perspective and a record distinguished for creativity, initiative and leadership of complex business and technology programs. An astute P&L manager, Ms. Wilson has **maintained profitability** while achieving **growth rates in excess of 130%**. She is a keen analyst, strategic thinker and **savvy negotiator** with strong relationship building skills. Ms. Wilson has crafted business solutions with a focus on **wireless communications** and **mobile computing**. She has developed effective **business models**, managed financial planning for billion-dollar business units, managed **budgets to \$25,000,000** and developed high-performing teams. She has delivered business advice and services to **Fortune 500** corporations. Ms. Wilson has authored two books and more than 40 magazine articles. A poised and articulate speaker with power to persuade and motivate, Ms. Wilson has been a keynote speaker at major industry conferences and appeared on national television including the CBS Early Show and Computer Chronicles.

As President of ACT Inc., a management consulting and technology services firm, Ms. Wilson directs the delivery of products and services that help clients to realize improvements in the areas of finance and operations. Ms. Wilson's areas of expertise include business process reengineering, business development and operations management. She has served as a leading advisor and judge, and also leads engagements with major corporations, government agencies and industry associations. Her clients include many well-known and prominent organizations such as American Express, the U.S. Army, Motorola, the New York Board of Trade and Cingular.

Prior to ACT, Inc., Ms. Wilson spent 10 years in the Fortune 500 at AT&T, Fujitsu and Lotus Development. Having held positions in Operations, Finance and Marketing, she has launched new software and hardware products, established business ventures that achieved substantial increases and revenue and profit, and was part of the core team that prepared the Capitalization Plan submission to the FCC for the breakup of AT&T in 1982. As an industry expert, President of Orange Rotary and corporate Board Member, Ms. Wilson has a reputation of impeccable integrity, developing strong organizations, being an inclusive leader and delivering impressive results.

She is the President of the Rotary Club of Orange and has held several board positions with corporations, trade associations and industry groups.

Ms. Wilson is a graduate of Brandeis University with a degree in economics and sociology, and received an MBA from the J.L. Kellogg Graduate School of Management at Northwestern University. She has studied in the US and Europe, and has traveled throughout the world.

A native of Washington, DC, Ms. Wilson currently maintains residences in Washington, DC and the New York City area.
